This project includes the grinding and resurfacing of the current pavement, spot replacement and readjustment of manholes and drainage structures, minor sidewalk improvements, and minimal curb and gutter replacement. The work does not require any long-term loss of driveway access. However, please understand that there will be times, mainly during working hours, where you may be delayed entering or exiting your driveway. Please drive slowly and carefully through the construction site as heavy machinery and workers will be on-site.

If you have any questions, please do not hesitate to contact Casey Biernacki at 708-246-1800 x276 or at cbiernacki@wsprings.com.

Sincerely,

Casey Biernacki
Assistant Director of Municipal Services
