For any other programming questions, please call us the next week.

Non-resident registration begins Monday, December 16.

For registration procedures and online registration information, please go to [www.wsprings.com/recreation](http://www.wsprings.com/recreation). A link to the 2020 Winter/Spring Brochure is included below.

We strongly recommend signing onto your online account before registration day to ensure you have your correct user name and password. Also, please check that all your family members are listed in your household and have a BIRTH DATE and GRADE listed (starting with Kindergarten-aged children); you will not be able to register online without this information (you cannot edit these online). Please call the Rec Dept. **BEFORE REGISTRATION DAY** if you need to update any information or if you do not know your user name/password. This will prevent any delays in registering on registration day.
